The Ladies Assistance needed.

Jim Dillon, committee in charge, requests THE RECORD to ask all ladies who can do so, to help decorate the interior of the Court House. It is the desire to make the circuit court room especially pretty, and the good ladies should lend a helping hand. Send word to Mr. Dillon, and he will then arrange for a meeting.

Doing a Noble Work.

An old Federal soldier was in our office last week, and speaking of the Gordon lecture said: "That man has done more, by his lectures, toward wiping out the factional feeling between the states than has any other one man. He is a grand, noble and patriotic man, who has the respect of the men who fought on both sides during the civil war. All old soldiers should hear him."

About The Railroad.

Those who have laid aside their daily avocations to work for the railroad (all honor to their public-spirit-ness) have been out nearly every day talking with the land owners and trying to get the matter in tangible shape. Notwithstanding the fact that everybody realizes the vast importance of Garrard county getting the road, yet there are a few land owners who are unreasonable in their demands. In fixing their damages, they seem to lose sight of what benefits the road will be to them, and the further fact that if they own a farm that what they save in advanced prices for products will, in a short time, more than triple what they may lose in parting with a little strip of land. This is a matter that should be viewed from all standpoints before one makes up his mind to what he wants. Most of those closed with are reasonable enough, but there are a few cases where it will almost block the game. We have to make up this money among ourselves, not a dollar can be assessed, and those able to give are few and far between. Any man, with good judgement, realizes that this is Garrard's last and only chance to get a rail road, and why more citizens do not get out and work for it is one of the mysteries that can never be explained. This is a move that will benefit every man, woman and child in Garrard county, and when the fact is so plain, it is difficult to conceive how people can be luke warm toward it. One can count on his finger tips the number of those who have been out after right of way and to solicit subscriptions. Most people say "I can't get away." Well, maybe you honestly think so, but if you close up for a whole week, the sun will continue to shine, the birds to sing and the grass to grow just the same as if you were sitting on your pants at your place of business. The truth of the matter is that every fellow is waiting for someone else to do the work. If every fellow who "knows how" this ought to be managed, and entertains loafers with his gas, would get out and work, we would close up this matter in a short time. But there is too much time wasted telling how to proceed, in other words, too many bosses and not enough workers. The time for action arrived some time ago, gentlemen, and if we are going to get this road something must be done quickly. The ball started to roll at a lively clip, and it must not be allowed to stop.

Immediately after the ceremony an elegant dinner was served, which was enjoyed by the relatives and near friends who were present. The parlor was prettily decorated for the occasion. The party took supper with Mr. J. Raymond Haselden, uncle of the bride, in this city, last evening, and drove to Marksburg, where Dr. Durham is engaged in the practice of his profession. THE RECORD extends congratulations to its former correspondent, and the man of her choice.

AND now comes the report that in case the Supreme Court decides in favor of Beckham, the republicans will nominate ex-Gov. Bradley to make the race this fall. We heard Gov. Bradley say that he almost worked himself to death while wearing the executive harness, and that he would rather maul rails than have to go through with it again. But if he sees that his party needs him, and that it will be the only salvation for the party, we believe he will accept it. He has done public work for his party, is always in the thickest of the fight, and is willing to make any personal sacrifice to advance the cause of republicanism. There is not a man on that side of the fence who has done more for his party than the indefatigable Garrardite.

"Some men are born thists, others acquire thist, but few have distrust upon them," remarks a sage in the Winchester Democrat. We don't know much about the first two clauses of the quotation, but we can truthfully testify that he says whereof he speaks when he says "few have distrust upon them." A fellow, the next morning after a jag, may walk fifty miles, and no one will offer to thrust any "chain of the dog" at him. There's one time, however, when it is thrust with a vengeance, and that is the morning he comes up resolved to quit. He will then be offered enough to float a boat. This is a strange world, sure.

HARRY MCCARTY, of the Jessamine Journal, was in Lancaster Friday in charge of an entertainment gotten up at Nicholasville. It was reported that he was to appear on the stage in tight, and we secured a seat on the bald-headed row, but Harry peeped from the scenes and saw our kodak and special artist awaiting to catch him. He then refused to go on, claiming that the right to reproduce the scene was to be sold at great price to an eastern syndicate. His "turn" was to consist of skirt-dancing, high-wire walking and recitations. The female portion of the audience were greatly disappointed at his failure to show.

STANDING on a street corner (he meant no harm) in Lexington the other day, a Record man's eye was attracted to two lovely girls approaching. He stood open-mouthed, gazing at the lovely bundles of silks and ribbons, and had about made up his mind that they were the sweetest beings on earth, when he overheard one say,—"I'm so chilly. I 'fuk' of my flannel this morning." The Record man started to find Desha Breckinridge to learn the meaning of "fuk," but couldn't locate him.

JIM ALLEN, chairman of the executive committee, is doing noble work toward shaping up the affairs of the Kentucky Press Association. He reports the members paying dues promptly and displaying an interest that is most gratifying. Besides being one of the cleverest gentlemen in the state, Mr. Allen is a business man of great ability. If some Kentucky girl would capture him, she would get a mighty good husband.

It seems that Admiral Dewey is succeeding pretty well in starting his boom for the presidency. At least the papers supporting Bryan and McKinley are taking up much space trying to laugh him out of court. If the old sailor was not treading upon their ambition not near so much "fun" would be made of his candidacy. He is a wonderfully popular man, but about as poor presidential timber as could be put in use.

BOB CUNNINGHAM has sold his newspaper plant at Middleboro to Danville parties, and the "Danville Demo-

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demerit enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by R. E. McRoberts, druggist.

Mr. and Mrs. Hansford Land are spending a week in Anderson county with relatives. Several of the young folks from here attended preaching at Buckeye, Sunday. Miss Alice Jones, of Lexington, is in this neighborhood trying to get up a school in music. We are very glad to say Mrs. Mollie Paine is able to be out again after a spell of sickness.

A Thousand Tongues.

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure "It soon removed the pain in my chest and I can now sleep soundly something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 25c, and \$1.00. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. Question Answered.

Yes, August Flower will have the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system and that is all they took when feeling dull and bad with headaches and other ills. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by C. C. & J. E. Stormes.

The United States Supreme Court failed to hand down a decision in the Kentucky contest case Monday. While the delay has no significance, it has raised some fresh hopes in some of the Republicans. The decision probably will be rendered next Monday. Much interest was manifested at Frankfort, and there was general disappointment when it was learned that a decision had not been reached. The Democrats, if successful, will take possession at once after the decision, as the Kentucky Court of Appeals will issue the mandate, one from the Supreme Court not being necessary.

Program for Next Week.

The G. A. R. program has yet to be given a few finishing touches, but we can give a general outline of the proceedings. The veterans will begin coming in Wednesday afternoon, the Commander and staff arrive by special train. They will be met at the depot and escorted to the Garrard. Thursday the old soldiers will hold their business meetings, stroll about the town and be entertained in various ways at night. Friday the big parade will be given, in which all the Federals and Confederates, about six hundred in all, will participate. The Louisville drum corps, the Richmond band, Elkhorn's celebrated Louisville band, the Broadhead band, the Lancaster band, the London band, three different drum corps and colored bands Reentown and Danville will play in the procession. The Louisville Commercial Club, 150 strong, escorted by the local committee, will be given a prominent position in the line of march, and the entire parade will be about two and one-half miles long. It will form on Lexington street, turn into Water at Mrs. Robinson's corner, up to Mason's, thence to D. M. Lackey's, thence to Public Square and on Stanford street to Jake Joseph's, up Crab Orchard to Bishop's, thence to Campbell street to Baptist church, up Richmond street to Public Square and around same until entire parade is on the Square. The parade will then break ranks. The Louisville Club will repair to the rooms set apart for their special use, only those holding tickets or badges being admitted. Here they will be given a bountiful spread, with the usual trimmings. The Opera House has a strong attraction for each afternoon and night, (see notice elsewhere). Thursday night Gen. Gordon will deliver his lecture in the Court House, and this event will be one of the most important and enjoyable of the week. The people are making great preparations to entertain the crowds, and have gone about it in a systematic manner. Let everyone do his utmost to entertain them, and success is sure to follow. The official program will be printed in next issue.

As Others See Us.

Nicholasville Journal:—The junior editor of the Journal in his visit to Lancaster Monday, was greatly surprised to find the many improvements that have been made there in the past three years. Besides a new hotel and an opera house, Lancaster has more pretty residences than any town of the same population in the State. The people have that old genuine Southern hospitality, that does not "frost" one to meet a stranger. In a visit to the Lancaster Record, we found it to be one of the cleanest printing offices we have been in years, everything being as neat as a parlor. Louis Landram, the proprietor, is a prince of good fellows, and whenever a move is on foot to advance the interests of the town, he can always be found at the front.

At a meeting of the Ladies Working Society, of the Fork Church Tuesday May the 3rd the committee appointed to draft resolutions upon the death of Mrs. Pauline Smith offered the following:

WHEREAS:—It has pleased God in His great wisdom to remove from earth our beloved sister, Mrs. Pauline Smith whose exemplary life and beautiful character endeared her to the hearts of those with whom she associated, therefore be it resolved,

First:—That in the death of our sister the society has lost one of its most useful members, one whose position for so long as president of our body was filled so faithfully and well.

Second:—That while we deeply deplore our great loss we bow in submission to the will of Him who "doeth all things well," with the assurance that our loss is her eternal gain.

Third:—That we extend to the bereaved family and mourning friends our heartfelt sympathies in this dark dispensation which has cast a gloom over our community and that these resolutions be recorded upon the Secretary's book and also that they be published in the Record.

A GREAT SUCCESS.

"A Kentucky Hero" Presented by Local Talent in a Most Pleasing Manner.

The largest and most refined audience ever assembled in the local Opera House witnessed the production of the rural comedy-drama, "A Kentucky Hero," Tuesday evening. The entertainment was under the auspices of the Lancaster Knights of Pythias Lodge, and given by local talent, under the able direction of the veteran comedian, Mr. Harry Leonard.

The parts were taken by people accustomed to speaking in public, and the usual "stage fright" displayed in home-talent shows was conspicuously absent. A number of good specialties were given before the drama, which were greatly enjoyed. The leading part was assumed by Fletcher Owsley, as Salem Towne, a Kentucky boy.

Letcher is gifted in this line and played his role to perfection. Other prominent parts were taken by Misses Eliza Lusk, Alice Henderson, Lillian Caley and Baby Grace, Messrs. Ed. Bishop, Harry Leonard, Lewis L. Walker, J. H. Kinnaird, G. B. Swinebroad, J. M. Farra, Ben Herndon, and Jake Joseph.

As a rule, a home entertainment, and especially a drama, is given in that school-show style, that only friends and relatives of the performers seem to enjoy, but Tuesday night's audience was agreeably surprised by witnessing as good a performance as is given by the average professional company.

The different parts showed careful study and preparation, and were carried out with an ease and grace that caused the people to wonder that it were possible to produce such work with amateur material. The play is quite interesting, and abundant in drama and comedy, so interspersed as to never allow interest to flag. The part of Daisy Beckwith was taken by Miss Lillian Caley (Mrs. Leonard) and was played in a magnificent manner. She is quite a favorite with Lancaster audiences, having played here the past winter with the Clapton-Warren Co., and later with the McNavin Comedy Co. She and Mr. Leonard are people of much experience in the show business, and are first-class artists.

Their little daughter, Baby Grace, is the youngest child artist on the stage and is a wonder. Her acting, dancing and cake-walking completely captivated the audience, and she received many compliments. Mr. and Mrs. Leonard are people of education and refinement, and have made many friends among the Lancaster people. That they fully understand their business is shown by the fact that not more than ten days were required to prepare Tuesday night's entertainment, the artistic and financial success of which is a proof of their abilities as directors and managers, as well as artists of merit.

Prepare For It

It is now less than one week until the State Encampment of the G. A. R. meets in Lancaster. Undoubtedly we will have the largest crowd in the history of the city. This crowd will not only be composed of people from adjacent counties but from towns and counties from distant parts of the state.

In some respects this is a critical time for our town—people who come here will look around and criticize and comment on us. Their criticisms will be good or bad. Their impressions, favorable or unfavorable. If through lack of foresight we fail to properly provide for their comfort while our guests, this will be a strong factor against us. If they find our streets dirty, lawns unkempt, houses unpainted—grass growing in unswept pavements, and a general air of neglect and slovenliness prevailing, this alone will be a deceiver. No man stands above a little honest flattery, and it always makes us feel good to hear some one make a complimentary remark about our town—we mean those who have a pride in, and honestly love the place of their nativity or adopted home.

Nothing of value can be gained without work, guided by sound judgment and good sense; we cannot expect to be the recipients of favorable comment unless we look ahead, and anticipate the demands that will be made upon us next week. Let every man feel that it is incumbent on himself to see to it that no one leaves Lancaster in a disgruntled mood. In short, let every one feel that he is the chairman of an entertainment committee and informants—non-bureaucratic. Strive to make every one who has been a visitor in our midst feel good and leave with a fond hope to again return—in other words, leave with a good taste in his mouth.

The Louisville Commercial Club will arrive about 10 o'clock on the 25th. They will come in special Pullman Palace Cars drawn by their own locomotive, and accompanied by Louisville's swell military band of thirty men—Fichelm. No less than 120 members of this influential body will be guests of the Lancaster Commercial Club on that day. This is their first visit to Lancaster. Do you grasp its importance to the business and social interests of our city? Those men compose the very head of Louisville's commercial interests and great business success; they come to our town upon a special invitation—what they say about us counts, for it is heard throughout the state and even beyond the borders. Lancaster is it with you. Shall what they say be good, or shall it be bad. We have never yet failed to do our duty, but now it is an occasion to do double duty.

Lancaster people all, men women and children, take off your hat, take off your coat, and if must be, take off your shirt and work for your town by entertaining the visitors that will be with us next week.

Just a word to the merchants—clean your stocks and store, clean and dress your windows—make your store look thrifty and business-like—have it well lighted at night. These items are correct and all business men know it. Now don't neglect it, for if you do you will regret it. House-keepers, bless you, get the grass out of and cleanly sweep your pavements outside and in. Have the lawns clipped, and put your prettiest flowers well to the front. Put on your sunniest smile, and be prepared to welcome all who may come with true Lancaster hospitality and happy good wishes.

Of Interest To Teachers.

Miss Ellis Lusk, county superintendent, has just received the following letter:

Newport, Ky., May 8th 1900. To the County Superintendents:—

In order to relieve Teachers from any hardship that might arise from the anomalous condition now existing in regard to the State Officers, as well as to save the State the expense of sending out two sets of questions for May examinations, I shall accept as those of my own Board, the questions prepared by the Board appointed by H. V. McChesney, and sent out by him this month.

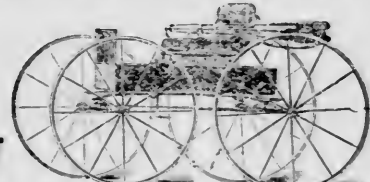

In doing this I relinquish no right to the office to which I claim I have been elected by the people, but I simply agree not to call in question the validity of any certificate obtained in a legal way upon questions sent out by Mr. McChesney, should my title to the office finally be confirmed by the Courts. I have the utmost confidence in the integrity and ability of Mr. McChesney's Board of Examiners, and to prevent all misunderstanding or confusion at present, or possible hardship upon teachers in the future, I approve and quations he may send out for the May examinations.

Respectfully,
JOHN BURKE, Supt. Public Inst.

BLOOD POISON.

In some cases the external signs of Contagious Blood Poison are so slight that the victim is hardly within the grasp of the monster before the true nature of the disease is known. In other cases the blood is quickly filled with this poisonous virus and the swollen glands, mucus patches in the mouth, sores on scalp, ulcers on tongue, sore throat, eruptions on skin, copper colored spots, and falling hair and eyebrows leave no room for doubt, as these are all unmistakable signs of Contagious Blood Poison. Doctors still prescribe mercury and potash as the only cure for Blood Poison. These poisonous minerals never yet made a complete and permanent cure of Contagious Blood Poison. They drive the disease back into the system, cover it up for a while, but it breaks out again in worse form. These powerful minerals produce mercurial rheumatism and the most offensive sores and ulcers, causing the joints to stiffen and finger nails to drop off. Mercury and potash make wrecks, not cures, and those who have been dosed with these drugs are never after free from aches and pain. S. S. S. acts in an entirely different manner, being a purely vegetable remedy. It forces the poison out of the system, and instead of tearing down, builds up and invigorates the general health. S. S. S. is the only antidote for this specific virus, and though pronounced incurable by the doctors, S. S. S. can be relied upon to make a rapid, permanent cure. S. S. S. is not a new, untried remedy; an experience of nearly fifty years has proven it to be a sure and unfailing cure for this disease. It is the only purely vegetable blood medicine known.

Mr. J. L. Myers, no Muller's St., Newark, N. J., says: "I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large, red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite improved. I was soon entirely well, and my skin as clear as a piece of glass."

Send for our Home Treatment Book, which contains valuable information about this disease, with complete directions for self treatment. Our medical department is in charge of physicians who have made a life-time study of blood diseases. Don't hesitate to write for any information or advice wanted. We make no charge whatever for this. All correspondence is held in the most sacred confidence. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Congress of 1950.
Our clever neighbors came over from Nicholasville Friday night and presented "Woman Triumphant," or the Congress of 1950. About twenty-five of as pretty girls as ever the sun shone on composed the congress, and each did their part as gracefully as older hands on the stage. Six or eight gentlemen took part, but the pretty girls make them step about in a manner to clearly convince the audience that by the time the year 1950 rolls around man will be small potatoes, with few in the hill, while woman, bless her, will run this government to suit her own sweet self. During the evening, a recitation by Miss Emma Duncan was enjoyed very much, as was also one by Miss Cannon. The singing of Miss Lilly Mosely was a decided feature of the entertainment, and prolonged was given in an effort to entice her. She is possessed of a remarkably sweet voice. Mrs. D. S. Wade gave a solo upon the bones, which was repeated by request. The Nicholasville Mandolin Club, under the able leadership of Brown Anderson, discoursed sweet music during the evening, and was roundly applauded. Some five or six persons composed the club. Miss Vernon's piano accompaniments were highly complimented.

One of the principal features in the entertainment were the local hits, or "takes-off" on local duds. The young ladies got them off remarkably well. The program regrettably that the entertainment was not announced earlier, as the limited notice was too short to enable the people to learn of the troupe's coming. They are certainly a jolly set of ladies and gentlemen, all of the good-natured, whole-souled disposition so characteristic of Nicholasville people. The entire party returned home after the performance.

Country Offices Boom.
The rural postoffice is surely booming. The department intends to discontinue more than a thousand during the coming year. Farmers will get their mail delivered at their houses, and the postal route will radiate from the larger towns. If free rural delivery is to be made a financial success the department finds it necessary to abolish the small offices. There is every indication that there will be a great change in the conduct of postal business in the next few years.

Wise and Otherwise.
A sensible young lady made the following request of her friends: "Do not lay me down by the rippling brookside lest the babbling lovers wake me from my dreams; nor in the beautiful cemetery in the valley lest sight-seers coming over epitaphs disturb me; but let my sleep be under the counter of the merchant and business man who never advertises. There is the peace that passeth all understanding; and deep sleep on which neither the buoyant footfall of youth nor the weary shuffle of old age will ever intrude."—Greenville (Tennessee) Times.

The Delineator.
The June number of The Delineator, beside showing one hundred and fifty illustrations of present fashions, contains several articles of general interest to women. "American Women at the Paris Exposition" is illustrated with seventeen portraits. "Founders of Women's Colleges" contains ten portraits and valuable biographical matter. Clinton Ross, the well-known litterateur, contributes a clever revolutionary story, "The Perfidy of Bess Doane." Among the practical household articles, is one on Housekeeping in Apartments and Flats. The regular departments of Social Observances, Practical Gardening, Girl's Interests, Club Women and Club Life, and House Furnishing are interesting and valuable for practical women.

Announcements will be made as to dates and places, and it is earnestly hoped by the friends of the home and the family and the country, that all who feel any interest in the matter will lend a helping hand in these meetings by coming out to see and hear Mr. Bansib, and tell and bring their friends and neighbors along. He will remain for a full canvass of the county if the proper encouragement is shown him. He will address a mass meeting at Court House Sunday afternoon, the 25th at 3 o'clock. People in the country who are annoyed by flies should remember that clusters of the fragrant color, which grows abundantly by nearly every roadside, if hung in the room and left to dry and shed its faint fragrant perfume through the air, will drive away more flies than sticky saucers of molasses and other flytraps and flypapers can ever collect.

Tomatoes and corn are about the only vegetables the average housekeeper thinks of canning. Peas and asparagus can be put up in exactly the same fashion. Only do it while they are at their best. Can peas that are green and tender; if they are even a little hard they will be of poor quality when canned. Reject also all but about three inches of the tender ends of the asparagus.

When asked how it was done, the old darkey replied, "Why, he jest leaves over in his stirrups and picks 'em up on the run."

Friday night Jeffries knocked out Corbett in the twenty-third round of their fight, with a left blow on the jaw. Corbett had the contest well in hand up to that time and looked a certain winner. His showing against the champion was sensational, and the result puts him back near the top of the heavy-weight pugilists of the world.

Senor Buencamino, a former member of the Filipino Cabinet, recently released by Major Gen. Otis has declared his intention to try to bring about peace in the Philippines. He has sent a proposed peace platform to the insurgent leaders. The plan proposes recognition of the sovereignty of the United States, cessation of hostilities, suppression of bandits, a request for personal liberties and rights under a Constitution, a native delegation to the American Congress, the exclusion of the friars, and the establishment of Filipino representatives to the Civil Commission. Juan inter view Buencamino says if the Civil Commission brings fair ideas and will approach Aguinaldo in a way that the insurgents may surrender without loss of respect, and will leave the determination of the future political status to the American Congress, peace can be established.

Nature's MOST Natural Remedy

Improved by Science to a PLEASANT, PERMANENT, POSITIVE CURE
For Coughs, Colds, and all Inflamed Surfaces of the Lungs and Bronchial Tubes.

Dr. BELL'S PINE-TAR-HONEY

The sore, weary cough-worn lungs are exhilarated, the microbe bearing mucus is cut out, the cause of that tickling is removed, and the inflamed membranes are healed and soothed so that there is no inclination to cough.

A COLD! A COUGH! CONSUMPTION!

I have been seriously affected for twenty-five years with a cough and pain in my side and breast that were causing me a miserable life. I spent hundreds of dollars with doctors and for medicine, but everything failed until I used Dr. Bell's Pine-Tar-Honey. It beat the world, and has saved my life. I recommend Dr. Bell's Pine-Tar-Honey to everybody with weak lungs. It is a great success.—J. B. ROSS, Gratiot, Ill.

I have sold Pine-Tar-Honey for one year. Find it a splendid remedy and good seller. Sold five bottles to Miss Beulah Howell, of this place, who was considered to have consumption. She is now in good health.—J. T. GRISMAN, Druggist, Gratiot, Ill.

BEWARE!
In buying Dr. Bell's Pine-Tar-Honey you get as big a bottle and more doses for 25c than you do of any other, but the druggist's profit is less. Therefore some druggists are persuading their customers to buy that which to them means greater profit. DON'T YOU DO IT. DEMAND DR. BELL'S PINE-TAR-HONEY AND TAKE NO OTHER.
